

FUTURE EDUCATION

A millennial's perspective

School Systems today and tomorrow

Today

- Knowledge
- Self-realization (according to standardized models)
- Negative Freedom = Competition

Tomorrow

- Soft skills
- Self-understanding towards actual self-realization
- Social Freedom = Cooperation

SOFT SKILLS

- Communication skills and critical thinking
- Creativity
- Environmental Awareness

“We have come 5,000 miles to tell the UN and the world that you must change your ways. [...] I am fighting for my future. Losing my future is not like losing election, or few points on the stock market.”

~~Greta Thunber~~

Severn Cullis-Suzuki

Severn Cullis-Suzuki at the Earth Summit in 1992

Communication and Critical thinking skills

- Social Media and Fake News
- Cultural competencies in communication (mandatory anthropology courses)

Creativity

- Art, sports, painting...
- Creative solutions
- Imagine new, mind-blowing possibilities

Environmental awareness

- Change the economic culture
- Money as a tool, not as an end in itself
- Spirit > Matter
- Environmental responsibility
